

Sing 'N Jam

OWNER'S MANUAL — Please read before using this equipment.

Your RadioShack Sing 'n Jam provides hours of musical fun for children ages 5 and up. It has everything you need to start performing: a microphone, amplifier, and microphone stand.

INSTALLING BATTERIES

Your Sing 'n Jam requires five C batteries (not supplied) for power. For the best performance and longest life, we recommend RadioShack alkaline batteries.

Cautions:

- Use only fresh batteries of the required size and recommended type.

- Do not mix old and new batteries, different types of batteries (standard, alkaline, or rechargeable), or rechargeable batteries of different capacities.

1. Use a Phillips screwdriver to loosen the screw on the battery compartment cover, then remove the cover.
2. Place the batteries in the compartment, as indicated by the polarity symbols (+ and -) marked inside.
3. Replace the cover and tighten it with the screw.

When the Sing 'n Jam stops operating properly, replace the batteries.

Warning: Dispose of old batteries promptly and properly. Do not burn or bury them.

Caution: If you do not plan to use the Sing 'n Jam for an extended period of time, remove the batteries. Batteries can leak chemicals that can destroy electronic parts.

USING THE MICROPHONE STAND

Slide the microphone stand into its base. Lower the stand to store it, or extend it to the desired height for use.
